PROFILE SUMMARY

Entry-level Full Stack Developer (2026 Batch) with hands-on experience in building and deploying full stack web applications using **React** and **Node.js**. Strong foundation in RESTful API design, database management, and backend authentication. Comfortable working in collaborative product environments and applying problem-solving skills to real-world software systems.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: JavaScript (Node.js), Express.js, RESTful APIs

Databases: MongoDB (NoSQL), MySQL (Relational Database)

Programming Languages: Java, Python, JavaScript, C

Core Concepts: Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code

PROJECTS

AttendEase – Employee Attendance Management System

2025

Full Stack Developer — React, Node.js, MongoDB

- Built a production-ready full stack attendance management platform with role-based access, real-time dashboards, smart check-in/out rules, and CSV report export; Live: attend-ease-omega.vercel.app.
- Implemented secure JWT authentication, RESTful APIs, and strict business logic for attendance validation using React, Express, and MongoDB.
- Live: attend-ease-omega.vercel.app.

AgriConnect – AI-Powered Smart Agriculture Platform

2025

AI/ML Developer — Python, scikit-learn

- Designed and trained machine learning models for crop recommendation and price prediction using scikit-learn, including preprocessing, feature engineering, and performance evaluation.
- Deployed serialized models via Streamlit and integrated AI prediction APIs with a MERN stack application to enable real-time, role-based agricultural insights.
- GitHub: [Link](#)

INTERNSHIP EXPERIENCE

Saharsh NGO

Sept 2025 – Oct 2025

Backend Developer Intern

Remote

- Developed **10+ RESTful APIs** using Node.js and MySQL for real-world application workflows.
- Implemented authentication, authorization, and **role-based access control (RBAC)** to secure backend systems.

EDUCATION

B.Tech in Computer Science and Engineering, Mohan Babu University

2022 – 2026 (Expected)

CGPA: 7.95 / 10

ACHIEVEMENTS

Solved **150+ Data Structures and Algorithms** problems on LeetCode.

SAP Hackfest 2025 Finalist for AgriConnect project.
